

## About Us

The Electro Automation Group is widely regarded as Ireland's premier automation specialist. Formed in Dublin in 1984, The Electro Automation Group has since provided an enviable combination of quality equipment supported by exceptional technical after sales service.

The concept proved popular from the outset and the company soon began to expand. Within a year continued growth led to the creation of Electro Automation (NI) Limited based in Lisburn, Northern Ireland. The Group then acquired a majority shareholding in Perimeter Security Group (now EA Group (UK) Limited) based in Surrey, England. Further companies have followed and the Electro Automation Group now has several companies and also has branches in Germany and Hungary.

## Our Philosophy

We care. These two small words form the basic strategy for our business foundation. Being totally committed to the success of our clients allows us to grow in today's aggressive marketplace.

Our ongoing investment in our personnel, premises, infrastructure, stock, and training allows us to offer a combination of products, sales knowledge, installation and technical support that is unparalleled. We have new purpose built premises in Dublin, Lisburn and Surrey, each of which contains state of the art diagnostics and technical support equipment. Business demands 24 hour service and readily available technical support, advice and spare parts. We provide this and more.

## Our Promise

When we provide a fixed quotation we guarantee that it is a workable solution. We protect your interests by ensuring that each project is completed with minimum disruption, and most importantly we stand over our products and every contract we complete. Our reputation and integrity are important to us.

Choose wisely...choose Electro.

**Electro Automation (NI) Ltd has a reputation for world class customer service and product quality. Our reputation is built on expertise, experience, innovation and reliability.**

### Don't just take our word for it...

"We have worked with Electro Automation on several large commercial developments. I would have absolutely no hesitation in recommending Electro – we have always found them to offer a reliable service and quality products. The after sales service from Electro Automation cannot be faulted."
